

**EPE-PEMC 2010**  
**OHRID, MACEDONIA**  
**14th International Power Electronics and Motion Control Conference**  
**6-8 September 2010, Ohrid, Republic of Macedonia**

**Call for papers**

The following EPE-PEMC conference will take place from 6 to 8 September 2010 in Ohrid, Macedonia. Contributions are invited in the following topics

1. Semiconductor Devices and Packaging
2. Power Converters
3. Control of Power Converters
4. Electrical Machines and Actuators
5. Motion Control, Robotics, Adjustable Speed Drives
6. Application and Design of Power Electronic Systems
7. Measurements, Sensors and Observing Techniques
8. Electromagnetic Compatibility
9. Power Electronics in Transportation
10. Mechatronic Systems
11. Power Electronics in Electrical Energy Generation, Transmission and Distribution
12. Renewable Energy Sources
13. Active Filtering and Unity Power Factor Correction Circuits
14. Education
15. Related Topics

All accepted papers will be included in IEEEExplore and registered in Engineering Index

Exhibitors are kindly invited and welcome

For detailed information please visit [thewww.epe-pemc2010.com](http://www.epe-pemc2010.com) or contact conference secretariat.

Working language is English

### Paper Submissions:

Prospective authors are kindly invited to submit manuscript in the form Synopsis. The synopsis should consists of 3-5 pages summary, including an abstract of no more than 50 words, key diagrams and reference list, topic number and indication of the preference for dialog or lecture presentation.

### Special Session Proposals:

Proposals are sought from those wishing to organize a special session. A special session consists of five papers, which should present a unifying theme from a diversity of viewpoints.

### Tutorial Proposals:

The Conference Committee intends to arrange tutorials to be held prior to the Conference, and solicits proposals for appropriate subjects.

The submission of synopses, proposals for special sessions and tutorials will be done electronically through the EPE-PEMC 2010 web site, where you can find detailed information on submission procedures and preparation of proposals.

EPE-PEMC 2010 proceedings will be entitled to be published in the IEEEExplore and Engineering Index (Ei) Compendex databases. In order to ensure compatibility of the systems, authors are asked to follow the IEEE guidelines offered through the conference web site.

### Deadlines

Submission of Synopses (3-5 pages):	22 November, 2009
Submission of proposals for special sessions and tutorials:	13 December, 2009
Notification of provisional acceptance:	15 March, 2010
Submission of final manuscripts:	24 May, 2010

### About Ohrid: the Conference Venue

Ohrid is one of the 25 world's mixed cultural and natural heritage sites of UNESCO. It is a world famous tourist centre, a kingdom of light and water. There are thousands of marks and testimonies of the birth of the Slavic culture. It is known as the town with more churches than days in the year. The main landmark is the old city with its typical architecture. It is Ohrid where St. Clement, a student of the Thessaloniki brothers Ss Cyril and Methodius, had founded the Clement Slavic University (886-916). Today St. Clement is worshiped as a patron of the city. Ohrid is town with approximately 56 000 inhabitants. It is about 700 m above the sea level. The Ohrid airport is 10 km from the city centre. The climate is perfect and therefore there are many health centers. Only 13 km from Ohrid to the west, on the same lake coast is the town of Struga, known by the famous poetry festival which is held at the end of August, and also by the many hotels and conference centers. Very near, east of Ohrid is the National park of Galicica.
